Totman taught Japanese history at the University ...

2. Pre

Quoting from a reader's report "this is an original and compelling synthesis of the environmental history of Korea and Japan." Taking the history of Japan and Korea and their environmental interactions from late Pleistocene down to about 1870 AD, the author makes a convincing case for viewing the two countries together, as a history, particularly when looking at their pre-industrial experiences.

Colonial modernization 1.1 Japanese annexation of Korean Peninsula in 1910 1.2 Economic growth under Japanese initiative 1.3 A colonial modernization 1.3.1 Koreans controlled no more than 10% of capital 1.3.2 Korean skilled workers accounted for only about 20%

28. The uneven and combined development of the Meiji

In this article, we examine the utility of Antonio Gramsci's concept of passive revolution and its relation to Leon Trotsky's theory of uneven and combined development in analysing the transformational effects of world economy and international relations on 'late-developing' societies' transition to capitalism.

29. Japan

Japan - Japan - World War II and defeat: The European war presented the Japanese with tempting opportunities. After the Nazi attack on Russia in 1941, the Japanese were torn between German urgings to join the war against the Soviets and their natural inclination to seek richer prizes from the European colonial
territories to the south. In 1940 Japan occupied northern Indochina in an attempt to ...
